Prevent decision aid

Notice risk without making assumptions

Use this only with fictional examples. For a real concern, share factual information with your designated safeguarding lead or named Prevent contact.

1. What was directly observed or said?

2. What relevant context is known, without assumptions?

3. Could there be other explanations?

4. Decision prompts

- [ ] Immediate threat or danger: use emergency procedures
- [ ] Pattern of pressure, secrecy, isolation or escalating harm
- [ ] Concern is based on behaviour and context, not identity or lawful opinion
- [ ] Do not investigate, debate or monitor private accounts
- [ ] Share factual concern through safeguarding

5. Who will receive the concern and what was shared?
